# SOUTHERN JOINT SCHOOL DISTRICT

HEBER R. MUTCH, SUPERVISING PRINCIPAL

GLEN ROCK, PENNA.

June 6, 1956

Dear Friends,

As another year closes and summer vacation begins, our thoughts revert to the days spent at Susquehannock during this past year. The seniors remember 1956 as the year during which they received their coveted diplomas; the juniors recall the hectic week of the prom; the seventh graders remember their first days spent in their new environment.

Many are the thoughts that crowd the minds of those associated with our alma mater. Some of these are gay; some sad. Whatever they may be, we shall often seek to recall the memorable moments spent here. Then too, we shall remember the accomplishments of that year 1955-56.

With these thoughts in mind, the Calumet staff gives you this permanent volume of memories. Throughout the book you will catch glimpses of classes, activities, and friends. All of these combine to set this year apart from all others.

Sincerely,

*Donna E. Stake*

This Calumet for the year nineteen hundred and fifty-six is dedicated to the two most memorable individuals in our lives—Mother and Father—the two persons who have made possible these twelve years of school life. It is to them that we owe our profound gratitude, astute thankfulness and respect for aiding us in our climb to be the possessors of a most coveted possession—a diploma from Susquehannock High School. When we, as graduates of 1956, glance over all the highlights of these unforgettable years, we are able to perceive that Mother and Dad have been responsible for their successful progress. They have been the hand that has guided us through the years and now leads us down the aisle to graduation. “Thanks, mom and dad,” and may God bless you always.

Memories are, to a large extent, what you make them, and what you do now determines what kind of memories you will have of Susquehannock. Taking advantage of opportunities, making good use of time, learning to meet and accept situations with a mature attitude, will help bring pleasant memories of school days. Even unpleasant events, if met in a proper spirit, can become tinged in time with humor or satisfaction. Memories don't just happen—they are built. You cannot start too soon to build the kind of memories you want.

I remember very few things that have upset my equanimity . . .

"Litterbugs" that could not find a waste basket . . . banana peels in buses we fail to see until in a prone position . . . the few of the underclassmen forgetting to put mutes in their horns.

I shall always remember and appreciate the privilege of working with a splendid student body and faculty . . . the Courier staff and Calumet staff for a job well done . . . all the other organizations and extra-curricular activities that make Susquehannock School a wonderful place in which to live and work. All these activities deserve credit for their contribution to the student life of our school.

The Calumet is a pictorial record of Susquehannock's school activities. Thanks to each of you who has contributed in any way to this annual.

## *School Board*

Thirty men from six districts arrive at determining decisions of our school after many argumentative discussions. The difficult tasks which face the board are not easy and their decisions must benefit student, teacher, and citizen.

The officers at the time the picture was taken were John Sipes, president; Emory R. Patterson, vice president; C. Gerry Seibel, secretary; L. F. McCullough, treasurer.

# Parent-Teachers Association

President Paul M. Ricker discusses plans for meeting with Mr. Robert Cox, chairman of the student loan fund; and Mr. Richard Hartranft, who spoke at the February meeting on the drivers education program.

The primary objective of the PTA this year was the familiarization of the membership with the school program. In line with this, various teachers presented a description of their departments at the meetings.

The organization also established a student loan fund of two hundred dollars to be used to assist those students who plan to go to college and need financial assistance.

Mr. Paul M. Ricker was elected president by the organization this year. Mr. William Holley was vice president; Mr. John Williams, treasurer; Miss Mary Lou Hinz, secretary.

The Art and Music Departments strive to broaden and improve the art and music appreciation throughout the community served by our school.

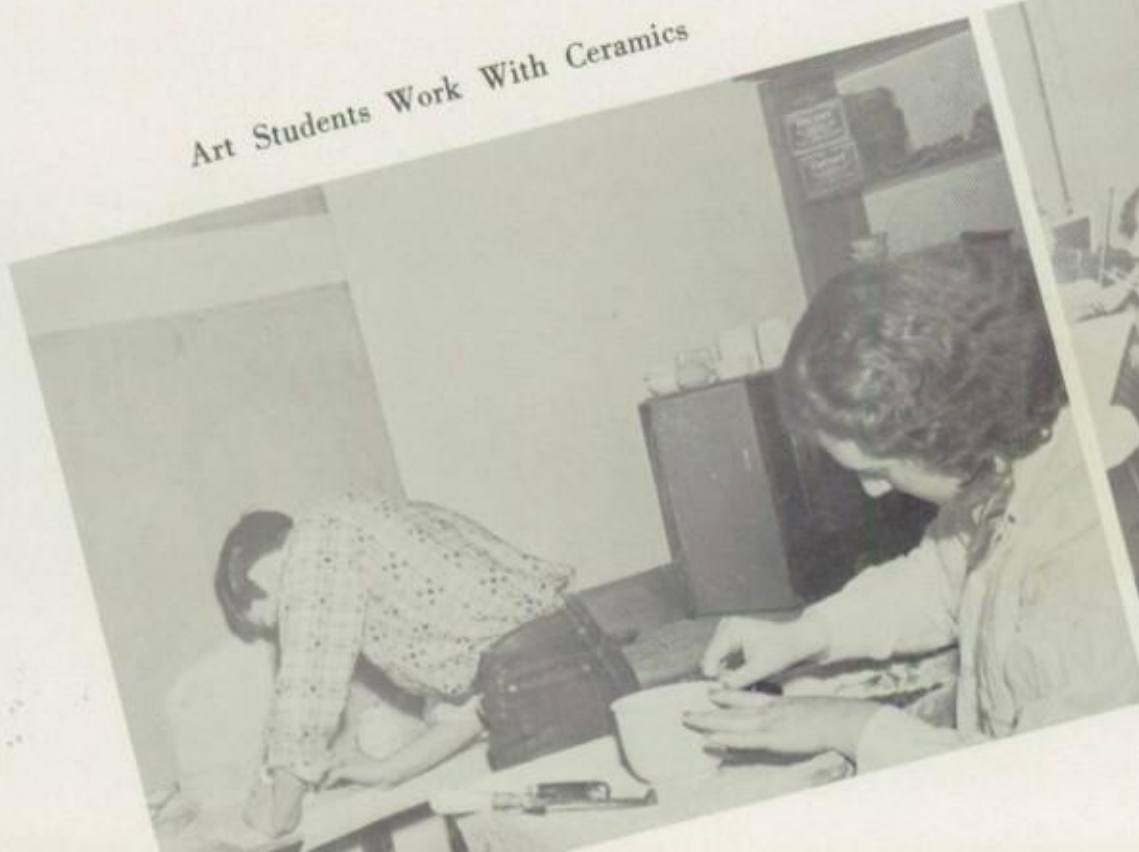

Art enables the student to do creative work in designs, color harmony, pencil drawing, water color painting, and many other phases of art.

The field of music offers a broad program for students interested in voice and instrumental music. Many public concerts are presented each year by the choruses, orchestra, and bands. Music students participate in county, district and state festivals of music.

# Students Learned the

Four languages were offered to students this year; three foreign, and English which is required of all students. The three foreign languages were French, Latin, and Spanish.

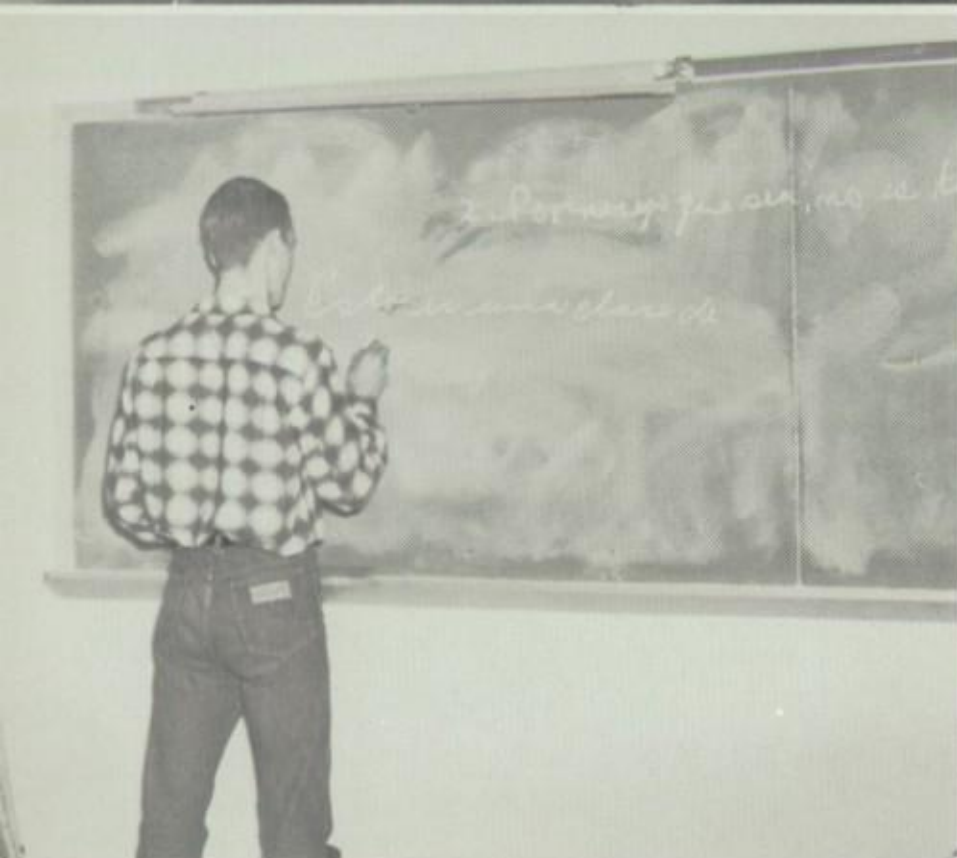

Public speaking, creative writing, grammar, letter writing, and many other divisions of language were covered in the classes.

Today, amid the wonders of engineering achievement and the miracles of scientific discovery, we are prone to forget that no miracle in science surpasses the miracle of Language. With it we record the Truth of our thoughts and communicate the Beauty of our emotions. It was the English Poet, John Keats, who wrote:

*"Beauty is Truth, truth beauty."  
that is all*

*Ye know on earth and all ye need  
to know*

The language teacher is concerned with training the mind in the habits of accuracy in thinking, of clarity and effectiveness in oral and written communication. Since language is rather caught than taught the problem of clear thinking and effective communication through language becomes the responsibility of every teacher and student within and without the school. This responsibility remains until better thinking and communication in the English Language especially, is practiced by all.

# Social Studies Program Prepared

The term social studies came into general use during the nineteen twenties. The social sciences—such as history, government, economics, and sociology—are comprehensive fields of knowledge, logically organized, based upon research. The social studies including such related subjects as history, civics, and problems of democracy, comprise elements selected from the social sciences, reinterpreted and organized for teaching and learning purposes in our school.

During the late 1930's the term *social education* came into general use. Many teachers use the term interchangeably with social studies. But regardless of brand name we are concerned more with the quality and quantity absorbed by the students here at Susquehannock hoping that some day all of it will add up to be the *social living*.

The task of the mathematics and science department is to organize and present the mathematics and science courses as a functional part of over-all curriculum.

Mathematics is required in the three years of junior high school and in the ninth grade, the student has his choice of either algebra or basic mathematics. Beyond the ninth grade, algebra II is offered in the tenth grade, plane geometry in the junior year, and trigonometry and solid geometry in the senior year.

The Science Department consists of biology, chemistry, science, physics, and health. The aim of the department is to cover the materials that tie in with the needs of the pupil in various vocations. Many experiments are demonstrated and performed to show some of the practical applications in the various types of work.

The laboratory is equipped with a number of charts, models, physical and chemical apparatus to perform the experiments in a simple and understanding procedure and average results are obtained.

There are three divisions in our vocational program. They are industrial arts, homemaking, and agriculture.

The Industrial Arts Department offers a variety of areas in which the student may work. The department includes areas in wood, metal, plastics, leather, and some electricity. Industrial arts is elective for senior boys and is required by junior high boys. The Industrial Arts Department also sponsors the Theater Arts Club, which builds scenery for plays, repairs old scenery, and does odd jobs for other departments in the school.

In the homemaking classes the girls learn the various aspects of running a home. Parts of the program are clothing construction, food preparation, interior decoration and home furnishings, family living and child care. The junior high school girls have a general course, senior high have vocational homemaking in the course in which home projects are included.

The objectives of the Agriculture Department are:

Learning to do  
Doing to learn  
Earning to live  
Living to serve

There are many fields related to agriculture in which boys can find their place. It is not professed by the Agriculture Department that all the boys enrolled in the course will become master farmers; nor that all boys in this program should go into farming. The boys are taught by a combination of book knowledge with the application of that knowledge in the practical side of life. The students enrolled in these classes have participated in parliamentary procedure work, "Leadership Training Conference," as well as some social activities. A demonstration team attended the farm show as in previous years. The department feels that it is also a part of its job to develop the boys to the point where they can and will take their place as leaders in the field of agriculture or some related field.

Typing is popular Business Class

The Business Education Department attempts to train the commercial students by approved methods for the best possible positions offered in the business world.

Subjects taught by the commercial department are typing, shorthand, business arithmetic, business law, bookkeeping, general business and clerical and office practice. The latter offers training in office machines and acquaints the students with the actual duties of a secretary. Beneficial in the teaching of this subject are the dictaphone, adding machine, comptometer, calculator, accounts receivable machine and the electric typewriter.

The shorthand students are frequently "loaned" to other teachers in the school that have material to be dictated. By this action the students become familiar with various differences in dictation that they may encounter in their future jobs.

# Safe Driving and Fair Play Grew

The Drivers Education Program and the Physical Education Department offer well-rounded instructional facilities to students.

Drivers Education, first offered in 1952-53, consists of compulsory classroom work of one period per week during the junior year and car training which is an elective for those students sixteen years or older. Actual practice is given in a dual control car.

The Physical Education course offers a variety of activities and sports to make the high school career well-rounded. Girl athletes are instructed in hockey, tumbling, softball, basketball, volleyball, track and dancing. The fellows are coached in baseball, football, basketball, wrestling, tumbling, track and dancing.

# Guiding Hands Aided Students

The major purposes of the Guidance Department is to help students with their problems. The members of the department include the Guidance Counselor, who is always ready to talk with the student to discuss his school problems, his future education or job plans, or any personal problems that may be bothering him; the Home and School Visitor who is interested in working with your family where their cooperation is needed to help you in your problems; and the Guidance Instructor who conducts weekly classes in which adjustments to social life, etc., are discussed.

Miss Hinz, the Librarian, is always on hand in the library to assist students in hunting sources of information, or in choosing an interesting book.

On file in the Guidance Office and Library are college catalogues, scholarship information, and other sources of information which will assist the student in selecting the college, business school, nursing school, or other type of educational institution where he can get the best education in the field of his interest.

Mentioned are only a few aids offered by the Guidance Department. Many others are offered to all students.

Ideals are like stars. You will not succeed in touching them with your hands; but like the seafaring man, you choose them as your guides, and following them, you will reach your destiny.

CARL SCHURZ

In many themes and in many variations you have read this thought before. It is a basis part of religions and philosophies of living. The hermit and the altruist are guided by it.

Unfortunately, there are people and nations who repute the message on the premise that if an ideal is unattainable, why reach? They fail to realize that, by the mere act of trying to touch the stars, they who reach have grown straighter and taller and the light from the stars becomes clearer and brighter.

## Senior Band

EDWARD HOLLEY  
Drum Major

Susquehannock High School's fifty-piece band, under the direction of P. M. Seitzinger, provided entertainment for away and home football games. The band was led by Edward Holley and accompanied by a squad of eight majorettes headed by Joan Nease, a four-piece color guard, two banner carriers, and two band guards. The band participated in two parades—one at Chambersburg, Pa. and the other at Hanover, Pa.

December 20 marked the presentation of a Christmas Concert by the band and a spring concert was planned. Various other concerts were held throughout the school year by the concert band.

# Seniors

Holy smoke, man! That isn't your wife!

Nervous seniors at tryouts.

Where's Mrs. Harrington? I need first aid!

# Present "Me and My Shadow"

ME AND MY SHADOW, a three-act comedy was presented by the senior class on Thursday and Saturday, December 8 and 10, in the high school auditorium at 8:00 p.m. under the direction of Mr. Guy R. Mergenthaler.

The cast includes these characters: Arleen Harrington, Frances Sweitzer, an excitable young housewife whose latest interests lie in the art of first aid; Roy Harrington, Thomas Fuhrman, a small town lawyer whose pet peeve is his mother-in-law's allergies; Susan Fisher, Rosie Miller, an attractive but rather dense high school teenager, who cleans during the day for the Harringtons; Georgia Butler, Lois Miller, a busybody neighbor who hears all, sees all, and *thinks* she knows all; Mrs. King, Lois O'Keefe, a domineering type mother-in-law who seems to be susceptible to many allergies; Bruce Douglas, Kenneth James, a young doctor-friend of the Harringtons who is involved in a very hectic weekend while visiting Roy Harrington; Shadow, Maureen

Brown, an Oriental whose life seems to be constantly dangling on a string; Hickson, Carlton Smith, the town sheriff; Sabu, Edward Holley, an Oriental mystic who is said to have the power to materialize the dead.

Due to the personal appearance of Dr. Hauser, a first aid lecturer, in a nearby town, Arleen Harrington leaves her husband and Dr. Douglas, to keep house while she stays with a school chum in order to hear Dr. Hauser speak. The appearance of Shadow at the Harrington house, while Arleen attends the lectures, creates a state of uproar. The fun is only beginning though, when Mrs. King, Roy's mother-in-law, appears for a visit. The climax occurs when Sabu tries to claim his accomplice.

She said her name is Mrs. King.

The cast as shown below, left to right, first row: Lois O'Keefe, Maureen Brown, Frances Sweitzer, Rosie Miller, Lois Miller. Second row: Carlton Smith, Edward Holley, Thomas Fuhrman, Kenneth James.

## FUTURE HOMEMAKERS OF AMERICA

First row, left to right: Sarah Keiser, Carol Wisanant, Loretta Forry, Yvonne Craig, Joan Williams, Shirley Sparwasser. Second row: Janet Delp, Bonnie Jo Cook, Catherine Keeney, Shirley Butcher, Evelyn Osborne. Third row: Advisor, Miss Yeager; Shirley Shive, Miriam Hain, Dorothy Van Meter, Frances Sweitzer, Eva Finney. Absent when picture was taken: Doris Heindel, Mary Lou Bailey, Margaret Korte, Geraldine Smith.

Miss Arlene Yeager supervises the work of the twenty-two members of this club. Any senior high student who has had home economics can join.

Frances Sweitzer, Evelyn Osborne, and Loretta Forry, all members of this club, distinguished themselves as homemakers this year. Frances won the county cherry pie baking contest and later took second place in the state competition. Evelyn Osborne was elected president of the York County Chapter and Loretta Forry was awarded a State Homemaker Degree at the Pennsylvania Farm Show.

Sarah Keiser acted in the position of president this year; Shirley Shive, vice president; Janet Delp, secretary; Evelyn Osborne, assistant secretary; Dorothy Van Meter, treasurer; Yvonne Craig, historian; Frances Sweitzer, reporter and parliamentarian.

A Junior FHA club was organized by Mrs. Helen R. Runion and had a membership of thirty-six girls.

## HI-Y- CLUB

Membership to the Hi-Y Club, advised by Mr. Paul Ricker, is limited to senior high boys. The club has four main purposes that they strive to maintain. They are clean speech, clean sports, clean scholarship and clean living. The officers are Phil Miller, president; Willis Martin, vice president; Robert Gantz, secretary; Dave Garver, treasurer; Glenn Snyder, chaplain.

At left, Vice President Willis Martin conducts meeting.

## TRI-HI-Y

This year a new club consisting of thirty-one girls was organized under the sponsorship of Miss Phyllis Krumrine and Mrs. Eleanor Stuck. Floe Miller was elected president; Mary Nonemaker, vice president; Loretta Miller, secretary; Charlotte Parrish, corresponding secretary; June Rehmyer, treasurer; and Helen Hendrix, historian. The club is open to all senior high girls. To promote better citizenship and leadership among students as well as to create, maintain and extend throughout the home, school and community, high standards of Christian character is the purpose of the club.

At left Mrs. Robert Benson addresses club.

## SCIENCE CLUB

To familiarize the students with a better understanding of the sciences as a whole is the purpose of the Science Club sponsored by Mr. Melvin Wagner. Anyone taking a scientific course is eligible for membership. The club members are now in the act of building a telescope, gathering and arranging an insect collection, performing physics and chemistry experiments, preparing projects for science fairs and planning a science fair. Officers are Edward Holley, president; William Rosier, vice president; Maureen Brown, secretary; Barto Lehman, treasurer.

## HELPING HAND CLUB

"To lend a helping hand wherever you can. Never think of the worry or trouble it may cost you."

The above is the motto of the Helping Hand Club. Visiting the York Hospital with a choral group is an annual activity of the club. Conducting religious services at Pleasant Acres, November 27, was one of the club's outstanding activities this year.

The club's aim is the promotion of civic growth and its purpose, "the increasing of the students' understanding of their spiritual and moral obligations to God and man not by reading, not by study, but by doing."

The club's officers are: Betty Jones, President; Wanda Osborne, Vice President; Darlene Brennehan, Recording Secretary; Darlene Shive, Financial Secretary; Cathryn Osborne, Treasurer. Eighty-nine members compile the club.

## FUTURE TEACHERS OF AMERICA

Preparing students for a future in the teaching profession is the main aim of this club. The members took trips to various schools throughout the year to observe the different methods of teaching.

Officers are: Helen Sager, President; Julia Shepherd, Vice President; Joan Nease, Secretary.

The club is offered to senior high students, sponsored by Mr. Clair Grim and Mr. Robert Cox.

## ARCHERY CLUB

The club is open to senior high students who like the "wide open spaces" and "free fresh air." The club officers are Iva Sieling, President; Joan Frey, Treasurer.

The club is sponsored by Mr. Paul Gaeckler, a true archer. Club members enjoy shooting the arrows but object to hunting them after the shooting is over.

# Clubs Sparked Initiative

## CAMERA CLUB

Under the advisorship of Mr. Lawrence King, the Camera Club's ten members are engaged in learning to make pictures of a quality that can be used in the school paper and yearbook and also taking pictures to enter in national high school competition. Two students have entered prints in the National High School Photography Contest. Membership is limited to ninth through twelfth grades and the purpose is to learn to take and process good pictures.

## GOLF CLUB

The golf club, whose president is Barto Lehman, is offered to all lovers of golf as a means of developing their golfing skills. The fourteen members are under the leadership of Mr. Heber R. Mutch. They hope to form a golf team in the future. A tournament was started in the fall and completed in the spring after fairer weather arrived.

## FUTURE NURSES OF AMERICA

To acquaint members with nursing and its requirements is the purpose of this club of ten members. The club, under the supervision of Mrs. Loretta Rappoldt, also helps members choose a professional career in the field of medicine. This year Beverly Sheffer was chosen president; Florence Rudisill, vice president; Connie Kugler, secretary-treasurer; Carolyn Smith, corresponding secretary; and Edith Brown, literary secretary.

Several phases of nursing were studied by means of lectures, guest speakers, and films. The club also visited several hospitals and their schools of nursing. Favors and stuffed toys were sent to hospitals.

## JUNIOR RED CROSS

With Connie Carlson acting as president, and Mrs. Helen B. Runion as sponsor, the Junior Red Cross club members made stuffed animals to send to children in the hospital this year. They also presented an elderly lady with a basket of fruit, and made Easter baskets to be given to local hospitals. The seventeen members of junior high participate in local, national and international services in schools and communities. Other officers are Janet Greear, vice president; Judy McDonald, secretary; Delores Whisanant, treasurer; Susan Crowe, historian; Sally Thompson, decoration chairman; Joyce Stiffler, program chairman; Judith Herbst, entertainment chairman.

## QUO VADIS CLUB

The seventeen members of the Quo Vadis Club furthers the interest in Latin. Any student who has taken Latin can join the organization which is sponsored by Miss Phyllis Krumrine. Officers are President, Ruth Jones; Vice President, Vija Melbardis; Treasurer, Patricia Krout. The club holds a Roman Banquet each year and this year attended the Pennsylvania State Latin Convention at Altoona which took place during April.

## LIBRARY CLUB

This club exists so that girls can be given an opportunity to work in a library while in school. Miss Mary L. Hinz, librarian, instructs the girls about the duties of a librarian and they act as assistants during school hours. The club has a membership of fifty-two and is open to any girl who is in eighth grade or higher.

# Club Activities Expanded

## CAREER CLUB

Under the direction of Mr. Robert Cox and Mr. Curtis Stermer, the club planned the annual Career Day which took place on March 24.

Club officers are: Rosie Miller, President; Lida Koller, Vice President; Margie Snyder, Secretary; and Joan Frey, Treasurer.

Club members also went out to find part-time work for students. After Career Day they made a list of seniors and tried to find jobs for those who wished to work immediately following graduation.

At left club members check Career Day questionnaires filled out by students.

## VARSITY CLUB

Varsity Club members are those boys participating in the sport in season. Under the supervision of Mr. McCoy, the members plan technical strategy for future games.

The club planned a basketball game between the Baltimore Colts Basketball Squad and the Southerners. The game was played in the Susquehannock gym on February 25.

At left club members Wolf, James, Adams, and Wilhelm check pictures to advertise Colts game.

## THEATER ARTS CLUB

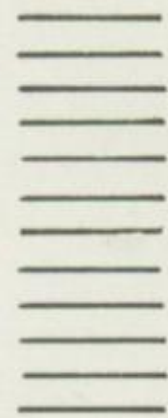

Members of the club indulge in projects given to them by other organizations within the school such as making scenery for the class plays. When not completing projects for other organizations, they work on their industrial arts projects.

Officers for this year are: Richard Masimore, President; William Unger, Vice President; William Russell, Secretary; and Dennis Jones, Treasurer.

At left members work on scenery for class play.

#### ACKNOWLEDGEMENTS

Our thanks are extended to all staff members of the Calumet who contributed their knowledge and diligent efforts to make possible the betterment of our production.

We, of the Calumet staff, wish to extend to our advertisers our thanks for their patronage to the publication of our yearbook. We recommend to you, our readers, the services of our deserving advertisers.

We also wish to express our gratitude to Mr. Ralph A. Bortner and Mr. Roland Heathcote, our advisors, for contributing to our publication with their commendable assistance. Our thanks are extended to Mr. Lawrence King who so capably supplied the staff with the necessary pictures for our 1956 annual. At this time, we also wish to say "thanks" to Mr. Henry Blatner who photographed the seniors and organizational pictures.

We sincerely thank all those who supported us in our efforts.—The Editors
